RE: Building Projects

Dear Bob:

It is hard to believe that we have completed the last phase of our remodeling project. It has been a real pleasure working with you and your company on all of the phases. You told me in the beginning that you would earn my trust and prove your worth and you have done that.

As a non-profit organization we were concerned that the choice of contractor would affect our whole project. It did. Your suggestions and alternatives helped us to complete the work on time and within the parameters that we had agreed. There was never a time that you were not able to give valuable insight into the decision at hand. I regret that this project was not design build where we could have taken full advantage of your experience and knowledge.

Thanks again for all of your help. You did a wonderful job on our building and we get compliments all the time. Please let me know if I can be of assistance to you or your company.

Sincerely,

Susan Collins
Finance Director
